

POLICY REMINDER:

Students who are tardy 10 or more times within a 9 week period for a class receive an "Incomplete" and are required to do an additional, in-depth project, as well as make up work from the class. In addition, they lose an early release day at the end of the school year because of the "Incomplete". The makeup project should be done before or after school. Students are making up the lost time, as the "I" is a result of missing contact time.
