"You are the light of the world. A town built on a hill cannot be hidden. Neither do people light a lamp and put it under a bowl. Instead they put it on its stand, and it gives light to everyone in the house."

Matthew 5:14-15

Fun Facts

In 1415, Charles, Duke of New Orleans, wrote a Valentine poem to his wife while imprisoned in the Tower of London. It still exists today in the British Library.

The heart shape doesn't look like a real heart. The Valentine heart symbol was inspired by plants silphium and art, not human anatomy

Illiterate people would sign documents with an X and then kiss it to show sincerity. Over time, the kiss symbol evolved into **X**=kiss, **O**=embrace

Valentine's Day isn't just about candy; it has a long history of poems, kindness and friendship.
