Bible Fun-Fact

We have an interesting holiday on March 17th, known as **St. Patrick's Day**, the recorded day that this Romano-British Christian missionary died. According to history, Patrick was kidnapped by Irish raiders as a teen, and taken in as a slave to Gaelic Ireland, where he worked as a shepherd. His writings tell of how he found God during his time as a slave, and that God had instructed him to flee to the coast where a ship would take him home. Patrick did indeed make it home, where he became a priest. Patrick eventually returned to Ireland to convert the pagan-Irish to Christianity. *Tradition says that he used the three-leafed shamrock as an instrument to explain the Holy Trinity.* Saint Patrick was said to have traveled throughout the northern half of Ireland and converted thousands. Many Protestant churches will hold a special church service, where any Lenten restrictions from fasting are lifted on St. Patrick's Day to toast this missionary for the work he did to further the Kingdom of God.
