From the Director's Desk:

Hello Lighthouse Christian School families. As we watch the change of the colors of the leaves and embrace the beautiful fall scenery, we are all aware that today does not look the way we may want it to. But, as the cooler days and nights approach we should continue to look for the goodness of our God and pour out grace, mercy and love. Because as I am aware that those are the things that keep hope alive. We are not to live in fear... as Christians we are living in faith.
