Class Project Showcase:

Luke, in science class, loves building robotic projects and enjoys assembling them piece by piece. He brings his creations to school and proudly shares them with his classmates.

Senior's message

What truly shaped me was the good advice I received from Ms. Albert. It helped me start improving in Math and become more social and engage with others. ---Adrian

What truly shaped me was being given multiple chances to grow and improve. Attending Lighthouse Christian School has also brought me closer to God and strengthened my faith.

-----Rachel

What truly shaped who I am today was when Ms. Albert came to school and worked with me one-on-one as my tutor. Another major change is the friendships I built here. Without Lighthouse Christian School, I would never have met them

----Nicholas

One moment that shaped me at LCS was when my classmates treated me as equal and made me feel included even when I was quiet. Since then the school helped me to improve my speech and become more confident about speaking up. ----- Gabriel

REMINDER

WE STILL HAVE A MONTH LEFT IN TO SCHOOL. JUST A REMINDER: WEAR THE PROPER SCHOOL UNIFORM, COME TO SCHOOL ON TIME, DO YOUR WORK IN CLASS, AND BEHAVE IN CLASS. IN CASE YOU MISS SCHOOL, YOU WILL BE REQUIRED TO STAY AFTER SCHOOL TO DO MAKE-UP WORK.
